ESSENTIALLY BUILT-OUT AGREEMENT
PURSUANT TO SECTION 380.06(15)(G)(4), FLORIDA STATUTES
HAMMOCK DUNES DRI

THIS ESSENTIALLY BUILT-OUT AGREEMENT (the “Agreement”) is made and entered into this 20th day of December, 2011 (the “Effective Date”) by and among **FLAGLER COUNTY**, a political subdivision of the State of Florida (the “County”), **ADMIRAL CORPORATION**, a Florida corporation (“Admiral”), **ITT CORPORATION, INC.**, an Indiana corporation (formerly known as ITT Industries, Inc.) (“ITT”), **ITT COMMUNITY DEVELOPMENT CORPORATION**, a Delaware corporation (“ITTCDC”), and the **FLORIDA DEPARTMENT OF ECONOMIC OPPORTUNITY**, an agency of the State of Florida (“Department”).

RECITALS:

A. Admiral Corporation (“Admiral”) is the applicant and master developer of the Hammock Dunes Development of Regional Impact (“DRI”), which includes the real property described in **Exhibit “A”** attached hereto and incorporated herein by this reference (the “Property”).

B. Admiral is the applicant for this Essentially Built-Out Agreement, pursuant to Section 380.06(15)(g)(4), Florida Statutes.

C. The terms and conditions for development of the Property are memorialized in Flagler County Resolution No. 84-7 as the Hammock Dunes DRI Development Order dated March 30, 1984, as amended by Resolution Nos. 95-50, 98-10, 2001-135, 2002-107, 2003-21 and 2010-22 (which are collectively referred to herein as the “Development Order”).

D. The original Development Order approved in 1984 included 6,670 residential units, which number of units was reduced to 4,400 in 1995, and which number of units was further

reduced to 3,800 in 2010; however, the Development Order mitigation conditions required to offset the impacts anticipated to be generated by the originally approved 6,670 units were never reduced commensurate with the reduction in the number of residential units.

E. The current DRI build-out and expiration date contained in the Development Order is February 28, 2012.

F. In order to provide financial assurance to the County that Admiral would complete certain improvements if required by the Development Order, ITT, an entity affiliated with Admiral, entered into that certain Guaranty Agreement with the County dated November 24, 1999 and recorded at Official Records Book 676, Page 423, Public Records of Flagler County, Florida (the "ITT Guaranty Agreement").

G. In order to provide financial assurance to the County that Admiral would complete certain improvements if required by the Development Order, Admiral's parent company, ITTCDC, entered into that certain Guaranty Agreement with the County dated November 24, 1999 and recorded at Official Records Book 676, Page 432, Public Records of Flagler County, Florida (the "ITTCDC Guaranty Agreement")(the ITT Guaranty Agreement and the ITTCDC Guaranty Agreement are sometimes referred to collectively herein as the "Guaranty Agreements").

H. The Guaranty Agreements are partially secured by a surety bond in the amount of Ten Million Dollars (\$10,000,000.00), as may be adjusted pursuant to the terms of the Development Order.

I. In the 27 years since the original Development Order was approved by the County, Admiral and its affiliated companies have sold all of their developable land to third parties, and those third parties have completed construction of approximately 2,200 of the 3,800 units currently approved in the Development Order; however, most of the developable land within

the DRI boundaries has been used in the construction of the approximately 2,200 units (many successors in interest to Admiral opted to construct lower density single-family homes in lieu of higher density condominium units) so it is unlikely that all of the approved 3,800 units will ever be constructed within the existing clusters contained in the DRI.

J. Admiral and its affiliates, or their successors and assigns, have completed construction of, provided funds for, or bonded the performance of all transportation and other infrastructure mitigation required by the Development Order to date and projected to be needed to mitigate for the reduced number of units currently approved within the DRI for the next several years (including transportation mitigation requirements for a minimum of the next four years) and therefore the amount of development that remains to be built does not create the likelihood of any additional impacts not previously reviewed.

K. Based on the above facts, the parties hereto have determined that the Hammock Dunes DRI is essentially built out, and the Development Order shall expire, effective on December 20, 2011, pursuant to the provisions of subsection 380.06(15)(g)(4), Florida Statutes (2011), and desire to memorialize that agreement herein.

L. Notwithstanding the new DRI build-out date of December 20, 2011 approved herein, the Future Development (as defined below) may proceed in accordance with the provisions of Section 3 hereof.

NOW, THEREFORE, for and in consideration of the sum of Ten Dollars and No/100s (\$10.00) and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties do hereby agree as follows:

1. **Recitals.** The foregoing recitals are true and correct and are incorporated herein by reference.

2. **DRI Essentially Built Out.** Subsection 380.06(15)(g)(4), Florida Statutes (2011), states that a project may be determined to be essentially built out through an agreement executed by the developer, the state land planning agency, and the local government. Such agreement can allow certain development to continue without further DRI review subject to the local government comprehensive plan and land development regulations. The parties hereto acknowledge and agree that the proper parties to this Agreement are Admiral Corporation, as the applicant and master developer of the Hammock Dunes DRI, the Florida Department of Economic Opportunity as the state land planning agency, and Flagler County as the local government that approved the original Development Order and all amendments thereto. The parties hereto, after reviewing the 2011 Development Order Annual Status Report and Build-Out Report for the Hammock Dunes DRI (the "Build-Out Report"), have determined that all mitigation requirements in the Development Order that have been triggered by project development to date and are projected to be needed to mitigate for the reduced number of units currently approved within the DRI for the next several years (including transportation mitigation requirements for a minimum of the next four years) have been satisfied, all developers are in compliance with all applicable terms and conditions of the Development Order except the build-out date, and the Department and the County have agreed that the amount of development to be built does not create the likelihood of any additional regional impact not previously reviewed. Therefore, the parties hereto agree that the Hammock Dunes DRI is essentially built out and that Admiral, ITTCDC and ITT, and their successors and assigns, have fully satisfied any and all obligations under the Development Order, except to the extent defined herein. The build-out date for the Hammock Dunes DRI shall be December 20, 2011. The Development Order shall expire on December 20, 2011. After the build-out date, no property owner within the DRI shall be required to file an annual report pursuant to Section 380.06(18), Florida Statutes.

3. **Future Development.**

a. Notwithstanding the fact that the Hammock Dunes DRI has been determined to be essentially built out effective on December 20, 2011, the County will continue to issue building permits to property owners with remaining entitled units, pursuant to subsection 380.06(15)(g)(4), Florida Statutes, including the following (which shall be referred to collectively herein as the “Future Development”):

i. Oare Associates, LLC, owner of Parcel No. 04-11-31-2984-000E1-0180, an un-platted commercial parcel within the DRI that could be permitted for a maximum of 64,000 square feet of commercial space.

ii. WCI Communities, LLC, owner of Parcel No. 04-11-31-5720-00000-0020 and 04-11-31-5720-00000-0030 (the remainder of Parcel 16B) that is entitled for Land Development Permit No. 2006030199, which approved site improvements for two condominium building pads with 128 associated residential units called “South Towers at Hammock Dunes” under a single plat (Arezzo and Murano Condominiums), at the maximum building height set forth in such development permit. The parties hereto acknowledge that WCI Communities submitted a letter to the County in December 2011 (received by the County on December 7, 2011) attempting to invoke a four-year extension of the Hammock Dunes DRI expiration and termination dates, pursuant to Section 380.06(19)(c), Florida Statutes. All units owned by WCI within the Property are vested pursuant to this Agreement.

iii. Owners of lots that are platted as of the Effective Date hereof.

iv. The foregoing recognition of Future Development does not exempt such development from impact fees, development review fees, building permit fees, inspection fees and other fees and costs required by Flagler County pursuant to its Code of Ordinances.

b. In the event that development in excess of the Future Development is requested, such additional development shall be required to comply with the provisions of the Flagler County Comprehensive Plan and Flagler County Land Development Code. The zoning for the Property shall remain Planned Unit Development (“PUD”). Any such development shall be subject to payment of impact fees, development review fees, building permit fees, inspection fees and other fees and costs required by Flagler County pursuant to its Code of Ordinances.

c. Nothing contained herein shall affect the validity or enforceability of subdivision covenants, conditions and restrictions that may be recorded against title to various parcels within the Property.

4. **Guaranty Agreements.** Because the Hammock Dunes DRI has been determined to be essentially built out and all concurrency and other mitigation requirements in the Development Order that have been triggered by project development to date and are projected to be needed to mitigate for the reduced number of units currently approved within the DRI for the next several years (including transportation mitigation requirements for a minimum of the next four years) have been satisfied or are to be satisfied by the undertakings provided herein, the County agrees that the Guaranty Agreements are terminated and hereby releases Admiral, ITTCDC and ITT from any and all obligations and liabilities thereunder and under the Development Order. The County also agrees that the surety bond provided by ITTCDC and ITT pursuant to paragraph 13 of the Development Order and the terms of the Guaranty Agreements

should be returned to those companies for cancellation within forty-five (45) days following the Effective Date of this Agreement.

5. **Other Bridge Expansion Agreements.** Because the Hammock Dunes DRI has been determined to be essentially built out and all concurrency and other mitigation requirements in the Development Order that have been triggered by project development to date and are projected to be needed to mitigate for the reduced number of units currently approved within the DRI for the next several years (including transportation mitigation requirements for a minimum of the next four years) have been satisfied, the County agrees that Admiral, ITTCDC, ITT and the Dunes Community Development District are hereby released from any and all obligations and liabilities related to future expansion of the Intracoastal Waterway Bridge pursuant to Section 4.1 of the Development Order.

6. **Build-Out Obligations.** The Hammock Dunes Build-Out Report reflects certain limited Development Order obligations that may be triggered by build-out of the project. Admiral Corporation, on behalf of its affiliates and successors in interest, hereby agrees to contribute Three Hundred Fifty Thousand and No/100 Dollars (\$350,000.00) (the “Admiral Contribution”) to pay for obligations that may be triggered by build-out of the DRI, as reflected in the Build-Out Report. Admiral will remit the Admiral Contribution to Flagler County in cash forty-five (45) days following the Effective Date of this Agreement. Admiral will not be required to pay any funds, perform any improvements or take any other actions related to the Development Order or other obligations related to the Hammock Dunes DRI beyond the Admiral Contribution. Pursuant to an Interlocal Agreement between the Dunes Community Development District (the “CDD”) and the County dated December 19, 2011, the CDD has agreed to contribute funds to the County for which a portion of said funds shall, in addition to

the Admiral Contribution, be used by the County to pay for any Development Order obligations that may triggered by build-out of the project and are reflected in the Built-Out Report.

7. **Concurrency.** Because Admiral, ITTCDC, ITT and their successors in interest have collectively completed the Development Order concurrency and other mitigation obligations triggered by project development to date and projected to be needed to mitigate for the reduced number of units currently approved within the DRI for the next several years (including transportation mitigation requirements for a minimum of the next four years), including the provision of the funds and resources pursuant to Section 6 above, the County hereby agrees that the owners of the Property previously subject to the Development Order, and the residential units and commercial space previously constructed or to be constructed thereon as Future Development, have fully satisfied any and all public facility concurrency requirements set forth in Florida law and County ordinance, except as specified herein.

8. **Mutual Satisfaction, Release and Termination of Development Order Obligations and Covenants Related to Park Land Conveyances.** Pursuant to Condition 14.1 of the Development Order, Admiral and its successors in interest have conveyed certain lands to Flagler County for beach access, recreation, conservation and other public park purposes (the "Park Lands"). Development Order Condition 14.1 and the deeds for the aforementioned conveyances included conditions on the County's development and use of the Park Lands for the benefit of the public. Development Order Condition 14.1 also imposed certain conditions on Admiral and its successors related to the Park Lands. The County, Admiral, ITT and ITTCDC hereby acknowledge and agree that each of them has fully and completely satisfied all applicable requirements contained in Condition 14.1 of the Development Order and Park Lands deed covenants related thereto, except that the following conditions will

remain in effect as related to the Park Lands: i) that certain easement for necessary construction and maintenance of a connector road, as described more fully in that certain General Warranty Deed between ITTCDC and the County dated September 17, 1998 and recorded at Official Records Book 627, Page 1689, Public Records of Flagler County, Florida; and ii) that certain Billboard Lease between ITTCDC and Admiral dated August 27, 1998 and memorialized in that certain Memorandum of Billboard Lease recorded at Official Records Book 627, Page 1478, Public Records of Flagler County, Florida, which Billboard Lease for Billboard Numbers BN643 and BN638 shall not be renewed or extended. As a result, the County, Admiral, ITT and ITTCDC hereby release and forever discharge each other and their respective successors, legal representatives and assigns, from any and all actions, causes of action, claims and demands resulting from or arising out of past, present and future performance of any and all obligations contained in Condition 14.1 of the Development Order, with the aforementioned exceptions. Accordingly, the parties shall execute the Release and Termination of Covenants and Obligations in the form attached hereto as **Exhibit "B"** and incorporated herein by reference. This Section 8 and the related Release and Termination of Covenants and Obligations shall not apply to that certain Maintenance and Easement Agreement by and between Lowe Ocean Hammock, Ltd. and the County dated November 21, 2001 and recorded at Official Records Book 786, Page 1463, Public Records of Flagler County, Florida.

9. **Legal Authority.** Section 380.06(15)(g)(4), Florida Statutes, gives Flagler County, as the local government that approved the resolutions creating and then amending the Hammock Dunes DRI, and the Department the authority to determine that the DRI is essentially built out.

10. **Remedies.** Each party to this Agreement shall be entitled to seek enforcement of this Agreement against the other parties and shall have all remedies available at law or in equity, including the remedy of specific performance and all forms of injunctive relief.

11. **Binding Effect.** The terms and conditions of this Agreement shall inure to the benefit of and be binding upon the heirs, personal representatives, successors and assigns of the parties hereto. The County shall record this Agreement in the Official Records of Flagler County, Florida, at the expense of Admiral, and shall provide Admiral with a copy of the recorded Agreement, including Book and Page number, within two (2) weeks of the date of execution of the Agreement.

12. **Status of Northshore Property Developers.**

a. By letter dated October 20, 2011, LRA Marina, LLC, LRA Northshore Hammock, LLC and Northshore Ocean Hammock Investment, Ltd., LLLP (hereafter collectively the “Northshore Property Developers”) provided notice to Flagler County that they were invoking the provision of Section 380.06(19)(c), Florida Statutes, enacted by Chapter 2011-139, Laws of Florida, to extend the build-out date of the Hammock Dunes DRI by an additional four (4) years. In relevant part, that statutory section provides: “In recognition of the 2011 real estate market conditions, at the option of the developer, all commencement, phase, buildout, and expiration dates for projects that are currently valid developments of regional impact are extended for 4 years regardless of any previous extension.” (Hereinafter referred to as the “DRI Extension Law”). While this provision does not expressly define “the developer,” within the context and operation of the DRI Extension Law, and based upon the full text of Chapter 380, Florida Statutes, and case law related to its interpretation, as well as the historical practices of Flagler County, the parties deem the reference to “the developer” in the case of the

Hammock Dunes DRI to be the original applicant and master developer of the DRI, which is Admiral Corporation. Admiral Corporation filed a letter with the County on May 18, 2011 stating that, as the developer of the Hammock Dunes DRI, it will not extend any phase, build-out or expiration date related to the DRI pursuant to the DRI Extension Law and objects to any third party attempting to extend the same. Flagler County hereby acknowledges Admiral Corporation as “the developer” under the DRI Extension Law and determines that it will not recognize or grant any further extensions of the Hammock Dunes DRI commencement, phase, build-out and expiration dates. The parties nevertheless acknowledge the notice of the Northshore Property Developers.

b. The DRI Extension Law may be subject to revision by the Florida Legislature in the legislative session that commences in January 2012 and which will not be concluded before March 2012. Based on its best available information, Flagler County expects Section 380.06, Florida Statutes, to be amended. Within said amendment, the parties are unsure whether or in what form the DRI Extension Law will be revised. The parties intend by Subsection 12(d) of this Agreement to address the possible outcomes of any such legislation in the 2012 session or of any judicial proceedings that specifically address this DRI. Notwithstanding any potential changes to the DRI Extension Law, the parties hereto acknowledge and agree that whether the Florida Legislature or a court determines that the build-out or expiration date of the Hammock Dunes DRI is legally extended pursuant to an amendment to Section 380.06, Florida Statutes, the parties hereto currently have, and will continue to have, the legal right and ability to enter into this Essentially Built-Out Agreement pursuant to Section 380.06(15)(g)(4), Florida Statutes, regardless of any such date extension.

c. In 2009, the Northshore Property Developers applied for a Notice of Proposed Change to develop a maximum of 561 units (hereafter “NOPC”) within their previously platted lands by creating a new development cluster near the Hammock Beach condominium project. By final order of the Florida Land and Water Adjudicatory Commission entered on August 4, 2011, the NOPC was denied on several grounds, including: i) the NOPC did not follow the DRI provisions, ii) the NOPC did not comply with the Flagler County Comprehensive Plan and Land Development Code, and iii) the 561 units requested in the NOPC are not vested or entitled for development under the DRI. Ginn-LA Marina, LLLP, Ltd., et al. vs. Flagler County, FLAWAC Case No. APP-10-007.

d. Should the Northshore Property Developers or their successors desire to pursue development of any of their remaining lands, they must pursue the same under Section 3(b) hereof because the 561 units have been determined not to be legally vested. Alternatively, should the Northshore Property Developers obtain a judicial order which invalidates this Agreement or any part hereof related to their ability to seek additional development of their lands, they shall be required, pursuant to Section 10 of that certain Development Order Allocation and Indemnification Agreement between ITTCDC and Lowe Ocean Hammock, Ltd. dated December 20th, 1996, as amended by that certain Amendment to Development Order Allocation and Indemnification Agreement dated October 19, 1998 (collectively, the “Allocation Agreement”), to bifurcate the DRI and assume any and all Development Order obligations attributable to the Northshore lands and related units (Northshore Property Developers are the successor in interest to Lowe Ocean Hammock with respect to the Allocation Agreement). Such bifurcation shall preserve the integrity of this Agreement as applied to Admiral and other successor developers; and said bifurcation shall not alter the development rights of other successor developers as set forth herein, shall not alter the release by Admiral of Flagler

County's obligations under Condition 14.1 of the Development Order or the release by Flagler County of Admiral's obligations under said Condition 14.1 as provided herein and, further, shall not alter the satisfaction of DRI obligations by Admiral, ITTCDC, ITT and other successor developers other than Northshore Property Developers as provided herein. If Northshore Property Developers or their successors fail to comply with the bifurcation requirements set forth in the Allocation Agreement, Admiral, ITT and ITTCDC shall have the legal right to seek judicial enforcement of the Allocation Agreement and any other remedies they may have in law or in equity.

e. If Northshore Property Developers or their successors elect to develop any of their lands within the Property, all transportation, off-site stormwater, school, park, public safety and solid waste concurrency for such development to a maximum of 561 equivalent residential units (which may include hotel room units) shall be deemed satisfied by the terms of this Agreement. Notwithstanding the foregoing, Northshore Property Developers or their successors shall be required to pay any and all impact fees, development review fees, building permit fees, inspection fees and other fees and costs required by Flagler County pursuant to its Code of Ordinances. Further, the foregoing shall not release Performance Bond 20BCSAG6813 for signaling the specified intersections, which has been previously provided to offset anticipated traffic impacts and to meet transportation concurrency for existing platted lots.

f. Should the Northshore Property Developers or their successors pursue any legal action seeking to invalidate any provision hereof, Admiral shall hold the County harmless from any such action and shall incur all costs of defense of said action until its final conclusion; provided, however, that Admiral shall be entitled to provide such defense of the County and to participate as a co-party to any such action (including the right to make any separate counter-

claims against Northshore Property Developers or their successors available to Admiral and its affiliates in law or in equity). Any defense of the County shall be with the participation of the County Attorney as co-counsel for the County's interests.

13. **Applicable Law; Jurisdiction and Venue.** This Agreement and the rights and obligations of the parties hereto shall be governed by, construed under and enforced in accordance with the laws of the State of Florida. Venue for any litigation pertaining to the subject matter of this Agreement shall be exclusively in Flagler County, Florida. If any provision of this Agreement, or the application of this Agreement to any person or circumstances, shall to any extent be held invalid or unenforceable by a court of competent jurisdiction, then the remainder of this Agreement shall be valid and enforceable to the fullest extent permitted by law.

14. **Notices.** Any notices or reports required by this Agreement shall be sent to the following:

For the County: County Administrator
Flagler County
1769 E. Moody Boulevard

Tallahassee, Florida 32399-4120

15. **Joint Preparation.** Preparation of this Agreement has been a joint effort of the parties and the resulting document shall not, solely as a matter of judicial construction, be construed more severely against one of the parties than the other.

16. **Release; Costs and Attorneys Fees.** Each party hereto releases the others from any and all claims or demands arising out of the subject matter of this Agreement. Each party shall bear its own costs and attorneys fees incurred in connection with this matter, except as provided for in Section 12(f) hereof.

17. **Captions or Paragraph Headings.** Captions and paragraph headings contained in this Agreement are for convenience and reference only, and in no way define, describe, extend or limit the scope of intent of this Agreement or the intent of any provision of this Agreement.

18. **Counterparts.** This Agreement may be executed in counterparts, each constituting a duplicate original, but such counterparts shall constitute one and the same Agreement.

19. **Amendment.** This Agreement may be amended by mutual consent of the parties so long as the amendment meets the requirements of Florida Statutes and applicable Ordinances.

20. **Further Assurances.** Each party to this Agreement agrees to do, execute, acknowledge and deliver, or cause to be done, executed, acknowledged and delivered, all such further acts and assurances in a manner and to the degree allowed by law, as shall be reasonably requested by the other parties in order to carry out the intent of and give effect to this Agreement, including the amendments to this Agreement. Without in any manner limiting the specific rights and obligations set forth in this Agreement or illegally limiting or infringing upon the governmental authority of the County, the parties declare their intention to cooperate with each other in effecting the purposes of this Agreement and to coordinate the performance of their respective obligations under the terms of this Agreement.

Passed and Duly Adopted by the Board of County Commissioners of Flagler County, Florida, this ____ day of _____, 2011.

EXHIBIT "B"

RELEASE AND TERMINATION OF COVENANTS AND OBLIGATIONS

THIS RELEASE AND TERMINATION OF COVENANTS AND OBLIGATIONS ("Release") is made and entered into this _____ day of _____, 2011, by and among **FLAGLER COUNTY**, a political subdivision of the State of Florida ("County"), **ADMIRAL CORPORATION**, a Florida corporation ("Admiral"), **ITT CORPORATION, INC.**, an Indiana corporation (formally known as ITT Industries, Inc.) ("ITT"), and **ITT COMMUNITY DEVELOPMENT CORPORATION**, a Delaware corporation ("ITTCDC"). The County, Admiral, ITT and ITTCDC are collectively referred to as the "Parties".

RECITALS

WHEREAS, on March 30, 1984, the County, pursuant to Section 380.06, Florida Statutes, adopted Resolution No. 84-7 approving a Development Order for the Development of Regional Impact known as Hammock Dunes; and

WHEREAS, Admiral is the applicant for, or master developer of, the Hammock Dunes Development of Regional Impact; and

WHEREAS, Condition 14.1 of Flagler County Resolution No. 84-7, as amended by Resolution Nos. 95-50, 98-10, 2001-135, 2002-107, 2003-21 and 2010-22 (which are collectively referred to herein as the "Development Order") identified properties to be conveyed to Flagler County for park and conservation purposes and stipulated certain conditions and criteria on the County's development of said lands for the benefit of the public; and

WHEREAS, pursuant to Condition 14.1 of the Development Order, Admiral or ITTCDC did convey such lands to the County and the County has and continues to develop and enhance such lands for recreation and conservation purposes; and

WHEREAS, the deeds to such lands are recorded at Official Records Book 627, Pages 1675 through 1688, Official Records Book 627, Pages 1689 through 1691, Official Records Book 381, Pages 736 through 739, all of the Public Records of Flagler County, Florida (collectively known as "Park Deeds"); and

WHEREAS, the Parties have complied with all requirements of Condition 14.1 of the Development Order and the covenants contained in the Park Deeds, with certain limited exceptions set forth below;

WHEREAS, the Parties agree that each party hereto has satisfied all of its respective obligations and covenants found in Condition 14.1 of the Development Order and Park Deeds, with certain limited exceptions set forth below.

NOW, THEREFORE, in consideration of the Essentially Built-Out Agreement among the Parties, the Parties hereto agree as follows:

(1) The above recitals are true and correct and are incorporated herein by this reference.

(2) By the execution hereof, the Parties hereby release and terminate any and all obligations, covenants, duties and liabilities of the other party related to Condition 14.1 of the Development Order and the related Park Deeds except that the following conditions will remain in effect as related to the Park Lands: i) that certain easement for necessary construction and maintenance of a connector road, as described more fully in that certain General Warranty Deed between ITTCDC and the County dated September 17, 1998 and recorded at Official Records Book 627, Page 1689, Public Records of Flagler County, Florida; and ii) that certain Billboard Lease between ITTCDC and Admiral dated August 27, 1998 and memorialized in that certain Memorandum of Billboard Lease recorded at Official Records Book 627, Page 1478, Public Records of Flagler County, Florida, which Billboard Lease for Billboard Numbers BN643 and BN638 shall not be renewed or extended.

(3) This Release may be recorded by any party hereto in the Public Records of Flagler County, Florida.

IN WITNESS WHEREOF, the Parties hereto, through their duly authorized representatives, have executed this Release on the day and year set forth in the preamble hereto.

Passed and Duly Adopted by the Board of County Commissioners of Flagler County, Florida, this _____ day of _____, 2011.

Attest: _____, Clerk

**Board of County Commissioners Flagler
County, Florida**

Deputy Clerk

By: _____
Chairman

IN WITNESS WHEREOF, the parties hereto, through their duly authorized representatives, have executed this Agreement on the day(s) and year set forth in the preamble hereto.
