

DUNES RESTORATION UPDATE

The dune restoration project started Monday, February 27, 2017 with over 100 truckloads delivered to the Jungle Hut beach access park (Varn Park was not active yesterday). ATV crawlers transported most of the truckloads to the beach. By the end-of-day today, there will be approximately 80 truckloads delivered to Jungle Hut and 80 truck loads delivered to Varn Park.

As a reminder, the information/presentations addressed at the Hammock Dunes Town Hall (Dunes Restoration) meeting on February 17th can be found at the web link below:
